

How do I find what happened to my application I filed with USCIS?

After you have filed an application with USCIS, you will receive a receipt notice which will include a receipt number that has three letters and ten numbers. You can easily check the status of your pending application online at USCIS's website. Another method of finding out the status of your application is by calling the toll free USCIS customer service number 1-800-375-5283.
